

CAREER OBJECTIVE

Motivated and enthusiastic graduate seeking an entry-level IT opportunity to apply technical skills, solve real-world problems, learn new technologies, and contribute effectively to organizational growth.

EDUCATION

B.E. – Computer Science and Engineering

Er. Perumal Manimekalai College of Engineering, Hosur

CGPA: 7.53*

2027

Higher Secondary Education

Government Boys Higher Secondary School, Rayakottai

Percentage: 69%

2023

Secondary School Leaving Certificate

Eternal Light Public School, Rayakottai

Percentage: 67%

2021

PROJECTS

Beyond the Pen Stroke: Multimodal Alzheimer's Diagnostic Web Application

2027

- Developed a multimodal machine learning system using handwriting images and kinematic data for early Alzheimer's detection.
- Implemented VGG16-based feature extraction and SVM classification to improve disease prediction performance.
- Technologies Used:** Python, VGG16, Scikit-learn, SVM, B-GWO, Machine Learning.

Phishing Detection System

2027

- Developed a machine learning-based phishing detection system using text preprocessing and classification techniques.
- Implemented feature extraction and trained Logistic Regression and Decision Tree models to classify phishing and legitimate content.
- Technologies Used:** Python, Pandas, NumPy, Scikit-learn, Logistic Regression, Decision Tree.

INTERNSHIP

Python Programming Intern | Growwpark Technologies Pvt. Ltd.

Jun 2026

- Gained practical experience in Python programming through real-time development tasks and projects.
- Worked with OOP, file handling, exception handling, data structures, and database connectivity.
- Improved coding, debugging, analytical thinking, and problem-solving skills.
- Technologies Learned:** OOP, File Handling, Exception Handling, Data Structures, Database Connectivity.

Python Intern | Apollo Computer Education

Jul 2025

- Developed Python programming skills through hands-on training and practical activities.
- Applied Python concepts to programming tasks and basic applications.
- Improved problem-solving and debugging abilities through practical exercises.
- Technologies Learned:** Python Libraries, Basic Application Development, Debugging, Problem Solving, Programming Fundamentals.

Web Development Using Python – VEI Technologies

Mar 2024

TECHNICAL SKILLS

Programming Languages	:	Python, Java (Basic)
Database	:	MySQL
Libraries	:	Pandas, NumPy, Scikit-learn
Tools	:	VS Code, Jupyter Notebook
Concepts	:	Data Structures, Object-Oriented Programming, Machine Learning

SOFT SKILLS

- Adaptability
- Quick Learner
- Communication Skills

AREA OF INTEREST

- Problem Solving
- UI/UX Design
- Video Editing
- Graphic Design

ACHIEVEMENTS

- Secured 2nd Place** in National Level Technical Quiz by, Christ College of Science and Management

Mar 2026
